

Queen of Zero

Historic Charm Meets High Performance Building

Featuring products by

Exterior Siding, Trim and Soffit

- ☀ Exterior finishes include Hardie® fiber cement lap siding, window and door trim, corner boards, soffit and fascia shipped primed and ready for paint.
- ☀ Hardie® materials support *resilience*, as the HZ5® product line has been Engineered for Climate® with a formula that maximizes durability in Zone 4 extreme weather conditions.
- ☀ As a company committed to sustainability, James Hardie is working to lower the climate impact of their products and achieve Scope 1+2 net zero emissions by 2050.
